PE Sports Funding 2018/19

Hayes Meadow Primary School

Sports Premium Funding for Primary Schools 2018/2019

Introduction

The government announced funding to support the delivery of PE and school sport. Through the previous success of the School Sports Partnership programme and a commitment to ensure continued high standards of delivery in PE and school sport, there is a desire to continue to provide a coordinated level of support to enhance the delivery of PE and school sport.

The government funding is ring fenced only to be spent on PE and School Sport. The outcome is to improve teaching and learning in PE and School Sport. Ofsted have strengthened its coverage of sport within the inspectors' handbook and supporting guidance, so that schools and inspectors are clear about how PE and school sport will be assessed in the future as part of the overall provision offered by the school. The revised handbook will ask inspectors to consider: "How well the school uses its Sports Premium Funding to improve the quality and breadth of its PE and sporting provision, including increasing participation in PE and school sport, so that all pupils develop healthy lifestyles and reach the performance levels they are capable of."

Specifically the Ofsted guidance for inspectors states:

Inspectors should consider the impact of the new primary school sport funding on pupils' lifestyles and physical wellbeing by taking account of the following factors:

- The increase in participation rates in such activities as games, dance, gymnastics, swimming and athletics.
- The increase and success in competitive school sports.
- How much more inclusive the physical education curriculum has become.
- The growth in the range of provisional and alternative sporting activities.
- The improvement in partnership work on physical education with other schools and other local partners.
- Links with other subjects that contribute to pupils' overall achievement and their greater social, spiritual, moral and cultural skills.
- The greater awareness amongst pupils about the dangers of obesity, smoking and other activities that undermine pupils' health.
