20th March 2020

Dear Parents / Carers

Firstly can I say thank you to all staff, pupils and parents for their understanding and patience this week whilst we try and organise the school closure period.

The teachers have all put together information for you to be able to access through the school website regarding work that the children can be completing at home. This can be found in the Year Group section of the website under your child's year group. The teachers email addresses are also on this information so please do email them if you have any queries/questions regarding their work. Teachers will try to respond to you as soon as possible.

Thank you to all of the parents/ carers who have asked about childcare during the school closure period. We have been in contact with everyone who has requested this and been able to support many of our parents. If your children or anyone in your household do show any signs of illness however you will not be able to access the child care and you will need to follow the self-isolation regulations.

The government also announced that there would be provision for pupils in receipt of free school meals and the catering teams are currently working on this to support our families. Further information will be available to us next week and we will be in touch regarding what provision will be made available to you.

During the closure period we may be contacting families to check that you are all okay and the children are well. We would also request that if any families are starting to find things very challenging at home please use the office@hayesmeadow.staffs.sch.uk email address or the headteacher@hayesmeadow.staffs.sch.uk to contact us. In the event of an urgent need to contact a member of school staff outside the usual school hours of 9 – 3.30pm we are providing a mobile phone number that you can contact a member of staff on. This is 07704 909264. Please only use this if your query is urgent.

Yours sincerely

Mrs S Sivieri

Headteacher
